MORE TONE WORDS

Like the tone of a speaker's voice, the tone of a work of literature expresses the writer's feelings. To determine the tone of a passage, ask yourself the following questions:

1. What is the subject of the passage? Who is its intended audience?
2. What are the most important words in the passage? What connotations do these words have?
3. What feelings are generated by the images of the passage?
4. Are there any hints that the speaker or narrator does not really mean everything he or she says? If any jokes are made, are they lighthearted or bitter?

5. If the narrator were speaking aloud, or what would the tone of his her voice be?
